

2021-2022

CRS TAX Suite Training

Nov 2, 3, 4, 9, 10 / Dec 1, 2, 7, 8, 9
10:00-11:30am OR 2:00-3:30pm CST

The MLS Tax Suite by CRS Data integrates seamlessly into your MLS system and offers current tax data, detailed maps and robust features on all browsers and devices.

Look for the CRS icon when viewing a listing!

What can I expect to learn?

- Property Report (All in one report): Prepare a Market Analysis using tax data, schools, property specs, sales history, seller/owner info and MORE!
- CRS Maps and Layers: Powerful information in a highly visual parcel view. View layers as flood plains, zip-code searching, school overlay, sold prices, etc.
- CMA: See revised value and auto calculate percent of value on a listing with property additions or improvements.
- Find comparables with listings in the MLS or off-market listings
- Personalize Reports: Brand reports for your clients and prospects.
- Prospecting: Looking for clients? Locate owners and mailing addresses!
- **AUTO-FILL your listing to save time: A wealth of data at your fingertips. Choose what to use.**

CRS Tax Suite goes LIVE within Paragon on November 1st, 2021!
